Crosswalk of Region 6 HSSP Priorities, Goals and Objectives to Washington State and UASI Strategic Plans

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
Priority I: Coordinate and Strengthen Regional Emergency Preparedness, Prevention, Mitigation, Response and Recovery	Partnership Priority: Enhance Statewide, regional, and private sector and cross-border collaboration to facilitate comprehensive prevention, protection, preparedness, response and recovery.	<p>(The UASI Plan does not have a "priority" level.)</p>
Goal I.A: <i>Commit to prevention of terrorist attacks as a Region.</i>	<p>Goal 1.1: To enhance Washington statewide homeland security through strong statewide partnership, collaboration and communication.</p> <p>Goal 3.1: To develop and strengthen a statewide terrorism monitoring, threat assessment, and collaboration and information sharing system.</p> <p>Goal 3.3: To improve statewide threat recognition collection and sharing capability to enhance the ability to stop a terrorist threat before it is executed.</p> <p>Goal 5.8: Enhance CBRNE response capability and capacity statewide.</p> <p>Goal 7.1: To coordinate statewide to ensure effective and efficient investment in the State's homeland security requirements.</p>	<p>Goal 1: Improve the Urban Area's ability to deter and prevent terrorism by identifying threat, vulnerabilities, weaknesses and gaps within existing systems and infrastructure and by enhancing planning, preparation, exercises, simulation, equipment needs, training, media, public awareness and involvement, and involve relevant public and private entities.</p> <p>Goal 2: Improve the Urban Area's ability to pre-empt terrorism through cooperation, intelligence, surveillance, detection, early warning, and command and control.</p>

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
<p>Objective I.A.1: Establish comprehensive information gathering, analysis, and dissemination systems that include public and private entities (local, regional, State, and Federal partnerships.)</p>	<p>Objective 1.4.2: Establish a Washington State EOC-private sector partnership to share information during exercises and real world operations to help build a disaster resistant economy and ensure a strong partnership for disaster response and recovery operations.</p> <p>Objective 1.4.3: Explore best practices and work to enhance communication processes with the public and private sector business community to share information and educational resources for homeland security.</p> <p>Objective 3.1.1: Establish a statewide integrated intelligence system that has intelligence gathering, analytical capability and capacity, and a reporting system for all local, state and federal law enforcement agencies operating within the State of Washington.</p> <p>Objective 3.3.1: Create a secure statewide Records Management System (RMS) that can collect intelligence information from multiple sources, store and share with selected users/agencies at all levels from field to analysts.</p> <p>Objective 5.7.2: Create a secure, portable system for emergency responders to provide tools and enhance situational awareness for on-scene incident management.</p> <p>Objective 5.8.2: Strengthen statewide CBRNE detection capability.</p>	<p>Objective 2.1: Establish or enhance existing public and private partnerships that link local, regional and federal intelligence groups to maximize planning and dissemination of intelligence information throughout the Urban Area by May 2005, or as resources become available.</p> <p>Objective 2.6: Establish an emergency notification process for the dissemination of terrorism related information, to include cyber-related threats and vulnerabilities by May 2005, or as resources become available.</p> <p>Objective 2.7: Develop and maintain an intelligence fusion capability to provide early warning in support of prevention and response activities by May 2005, or as resources become available.</p> <p>Objective 2.12: Improve the monitoring and surveillance capabilities of the Urban Area to detect terrorist activity by May 2005, or as resources are available.</p> <p>Objective 2.15: Improve interoperability and the ability to electronically share information across multiple agencies and jurisdictions (e.g. local, state, federal) by May 2005, or as resources become available.</p>

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
<p>Objective 1.A.2: Establish and leverage alliances within our diverse communities to inform and enlist support for a shared responsibility to prevent terrorism.</p>	<p>Objective 1.1.1: Further develop statewide, regional, private sector and cross-border partnerships to enhance and develop capabilities and capacities to meet the threat of terrorism.</p> <p>Objective 1.4.1: Partner with business, all levels of government, tribal nations, non-governmental agencies and statewide associations to improve emergency capabilities and capacity.</p>	<p>Objective 2.5: Integrate private organizations and non-governmental organizations into the UA terrorism prevention network as resources become available.</p> <p>Objective 2.15: Improve interoperability and the ability to electronically share information across multiple agencies and jurisdictions (e.g. local, state, federal) by May 2005, or as resources become available.</p>
<p>Goal I.B: <i>Commit to planning for, responding to, and recovering from emergencies as a Region.</i></p>	<p>Goal 1.1: To enhance Washington statewide homeland security through strong statewide partnerships, collaboration and communication.</p> <p>Goal 3.2: To coordinate statewide to develop and enhance statewide prevention plans, assessments, processes to successfully accomplish threat identification and assessment, target assessment, protection responses, and prioritize efforts/ resources.</p> <p>Goal 6.2: To manage the logistics of emergency resources to maximize response and recovery capability.</p> <p>Goal 6.3: To improve statewide Homeland Security recovery planning, resourcing, training and exercises.</p>	<p>Goal 1: Improve the Urban Area's ability to deter and prevent terrorism by identifying threats, vulnerabilities, weaknesses and gaps within existing systems and infrastructure and by enhancing planning, preparation, exercises, simulation, equipment needs, training, media, public awareness and involvement, and involve relevant public and private entities.</p> <p>Goal 4: Improve and enhance the Urban Area's ability to respond to terrorism incident(s) with seamless coordination and interoperability between public agencies and private entities to minimize the impact of a terrorist and CBRNE event upon our community through collaboration and cooperation on planning strategies, policies, and funding.</p> <p>Goal 5: Improve the Urban Area's ability to recover from a terrorist attack through seamless coordination, public and private mobilization, mutual aid, and lessons learned.</p>

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
<p>Objective 1.B.1: Support regional preparedness and strategic planning. Inform planners of regional priorities.</p>	<p>Objective 6.3.1: Develop a comprehensive statewide plan, educational resources and include recovery activities in exercises and training.</p>	<p>Objective 1.7: Strengthen the Urban Area's ability to improve collaboration and cooperation between jurisdictions and with Urban Area partners to ensure continuity of planning strategies and policy development by May 2005, or as resources become available</p> <p>Objective 4.1: Develop, review and/or update Urban Area readiness and response plans to address terrorist and CBRNE threats biennially.</p> <p>Objective 4.15: Coordinate UA equipment needs, priorities, and allocation processes using the ODP equipment needs assessment to acquire CBRNE related resources and equipment to enhance UA capabilities during a terrorist or CBRNE incident.</p>
<p>Objectives 1.B.2: Coordinate Emergency Operations Center (EOC) and dispatch operations, looking at facilities from a regional level.</p>	<p>Objective 1.4.2: Establish a Washington State EOC - private sector partnership to share information during exercises and real world operations to help build a disaster resistant economy and ensure a strong partnership for disaster response and recovery operations.</p>	<p>Objective 4.3: Develop a plan for re-deployment of jurisdictional employees and staff during a terrorist or CBRNE event by May 2005, and continuing as resources become available</p> <p>Objective 4.4: Provide for greater Total Situational Awareness (TSA) from field operations through respective Emergency Operations Centers by May 2005, or as resources become available</p> <p>Objective 4.5: Ensure IT system support of Emergency Operations Centers and other critical Command and Control Centers' activities during response efforts by May 2005, or as resources become available</p>

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
Goal 1.C: <i>Coordinate regional homeland security plans.</i>	Goal 1.2: To review existing and proposed laws to ensure synchronization with local/state governments' and tribal nations' homeland security goals and objectives.	Goal 3: Improve the Urban Area's ability to protect against terrorism by defending critical infrastructures and providing seamless coordination and interoperability in any-place any-time activation. Goal 4: Improve and enhance the Urban Area's ability to respond to terrorism incident(s) with seamless coordination and interoperability between public agencies and private entities to minimize the impact of a terrorist and CBRNE event upon our community through collaboration and cooperation on planning strategies, policies, and funding.
Objective 1.C.1: Complete and implement the Regional Disaster Plan. Include a matrix delineating primary and support responsibilities.	Objective 6.2.2: Develop and maintain a statewide disaster emergency logistics plan to include a resource database, emergency acquisition and pre-positioned sites for equipment and supplies.	Objective 4.1: Develop, review and/or update UA readiness and response plans to address terrorist and CBRNE threats biennially Seattle: Will additionally provide adequate public safety coverage for unaffected areas.
Objective 1.C.2: When appropriate opportunities arise, clarify and synchronize preparedness, response, and recovery roles and expectations directly with local, regional, State, and Federal agencies.	Objective 1.4.3: Explore best practices and work to enhance communication processes with the public and private sector business community to share information and educational resources for homeland security. Objective 3.2.1: Establish a prevention sub-committee capability within the state domestic security infrastructure to coordinate and facilitate statewide prevention efforts. Objective 3.4.1: Establish partnerships and define state roles, responsibilities and actions to improve the northern border area security.	Objective 5.6: Ensure training to the appropriate Urban Area personnel is conducted to outline and highlight the specific recovery roles, responsibilities, and capabilities of each jurisdiction by May 2005, or as resources become available.
Objective 1.C.3: Review existing and proposed laws and regulations to ensure synchronization with regional goals and objectives.	Objective 1.2.1: Monitor, assess and discuss current status and proposed statewide and national homeland security legislation.	

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
<p>Goal 1.D: <i>Develop and implement plans with the private sector, non-governmental organizations, and tribal nations.</i></p>	<p>Goal 1.3: Create task oriented action plans to lead the statewide effort to prioritize initiatives and projects and build homeland security capability and capacity.</p> <p>Goal 3.2: To coordinate statewide to develop and enhance statewide prevention plans, assessments, processes to successfully accomplish threat identification and assessment, target assessment, protection responses, and prioritize efforts/ resources.</p> <p>Goal 6.3: To improve statewide Homeland Security recovery planning, resorting, training and exercises.</p>	<p>Goal 1: Improve the Urban Area's ability to deter and prevent terrorism by identifying threat, vulnerabilities, weaknesses and gaps within existing systems and infrastructure and by enhancing planning, preparation, exercises, simulation, equipment needs, training, media, public awareness and involvement, and involve relevant public and private entities.</p> <p>Goal 5: Improve the Urban Area's ability to Recover from a terrorist attack through seamless coordination, public and private mobilization, mutual aid, and lessons learned.</p>
<p>Objective 1.D.1: Develop and maintain mutual aid agreements, memoranda of understanding, and intergovernmental memoranda of understanding (MAAs, MOUs, and IMOUs) with non-governmental organizations (NGOs) for implementation of regional and local planning documents.</p>	<p>Objective 1.4.3: Explore best practices and work to enhance communication processes with the public and private sector business community to share information and educational resources for homeland security.</p> <p>Objective 5.3.2: Continue to develop and exercise inter-state and intra-state mutual assistance compacts.</p>	<p>Objective 4.2: Enhance and improve mutual aid agreements to include additional private, regional, state, military and federal resources by May 2005, or as resources become available.</p>
<p>Goal 1.E: <i>Use the Incident Command System (ICS), the National Incident Management System (NIMS), and the National Response Plan (NRP) to coordinate multi-jurisdictional or multi-disciplinary responses.</i></p>	<p>Goal 6.1: To build state and local Incident Management team capabilities.</p> <p>Goal 6.5: To adopt and institutionalize the National Incident Management System (NIMS), core set of doctrine, concepts, principles, terminology, and organizational processes for domestic incident management and emergency prevention, preparedness, response, recovery, and mitigation programs/activities.</p>	<p>Objective 1.8: Create a training and exercise subcommittee (TES) to coordinate and enhance training/ exercise for effective terrorist prevention, response, and recovery operations in the UA by January 2006, or as resources become available</p> <p>Objective 2.16: UA/TES will support the efforts of the UA Regional jurisdictions multi-discipline command training.</p>

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
Objective 1.E.1: Require use of NIMS/ ICS and the NRP as a prior condition for Federal, State, and Regional funding.	Objective 6.5.1: Coordinate statewide to ensure NIMS adoption and provide technical assistance for state agencies, tribal governments and local governments to fully implement, formally recognize NIMS principles and policies statewide during FY 2005.	
Goal 1.F: <i>Acknowledge that the Region is critically interdependent on entities outside its border, particularly in regard to the jurisdictions of Pierce and Snohomish County.</i>	Goal 1.1: To enhance Washington statewide homeland security through strong statewide partnerships, collaboration and communication.	Goal 1: Improve the Urban Area's ability to deter and prevent terrorism by identifying threat, vulnerabilities, weaknesses and gaps within existing systems and infrastructure and by enhancing planning, preparation, exercises, simulation, equipment needs, training, media, public awareness and involvement, and involve relevant public and private entities.
Objective 1.F.1: Develop training commensurate with equipment in tri- county exercises, with State and Federal participation.	Goals 5.3: To focus exercises to strengthen statewide preparedness capabilities to be able to execute a full range of incident management operations.	Objective 1.12: Conduct coordinated exercises within the Urban Area, including public and private entities as appropriate, as resources become available Objective 4.21: Conduct at least one multi-jurisdictional, multidiscipline CBRNE or cyber-related exercise biennially with Urban Area partners to assess plans and training by December 2005, or as resources become available
Priority II: Assess and Address Regional Assets, Needs, Threats and Vulnerabilities	Preparedness: Training, equipping, exercising emergency responders and the statewide incident management system to achieve and sustain risk-based target levels of capabilities to assure readiness for complex emergency responses. Response and Recover: Implement the National Incident Management System and National Response Plan for comprehensive response and recovery statewide capability.	(The UASI Plan does not have a "priority" level.)

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
Goal II.A: <i>Understand threat and vulnerabilities at a regional level.</i>	Goal 3.2: To coordinate statewide to develop and enhance statewide prevention plans, assessments, processes to successfully accomplish threat identification and assessment, target assessment, protection responses, and prioritize efforts/resources.	Goal 1: Improve the Urban Area's ability to deter and prevent terrorism by identifying threat, vulnerabilities, weaknesses and gaps within existing systems and infrastructure and by enhancing planning, preparation, exercises, simulation, equipment needs, training, media, public awareness and involvement, and involve relevant public and private entities.
Objective II.A.1: Use available assessments to create a regional understanding of potential hazards and vulnerabilities	Objective 4.1.1: Identify statewide critical infrastructure, collect vulnerability assessment information, and develop an infrastructure protection program.	Objective 1.1: Beginning in 2004, identify urban area threats and vulnerabilities as needed. Objective 2.11: Enhance security resources around the Urban Area's critical infrastructure by hardening potential targets identified by threat and vulnerability assessments by May 2005, or as resources become available
Objective II.A.2: Communicate and coordinate with federal, state, and local agencies, port and transportation providers to leverage existing efforts to assess specifically the needs, threats and vulnerabilities to major air, sea, and other transportation systems.	Objective 3.5.1: Enhance partnerships with the federal government to improve the security at statewide land and seaports from cargo and passenger traffic into Washington State and our nation. Objective 3.6.1: Increase the security of Washington's statewide transportation systems and support federal transportation system initiatives through vigilant and effective screening of our ferry, highway, railway and aviation networks.	Objective 2.11: Strengthen Urban Area Law Enforcement resources to deter/mitigate terrorism and criminal activities including marine assets and security at special events by May 2005, or as resources become available
Goal II.B: <i>Establish desired capability levels for equipment, training, and resources.</i>	Goal 5.1: To equip, and train emergency responders to national preparedness priorities to include the national preparedness scenarios, target capabilities and universal task lists specific for their tier and implementing guidance for HSPD-8 in a coordinated and complimentary manner. Goals 5.3: To focus exercises to strengthen statewide preparedness capabilities to be able to execute a full range of incident management operations.	Goal 4: Improve and enhance the Urban Area's ability to respond to terrorism incident(s) with seamless coordination and interoperability between public agencies and private entities to minimize the impact of a terrorist and CBRNE event upon our community through collaboration and cooperation on planning strategies, policies, and funding.

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
<p>Objective II.B.1: Through best practice research and consultation with Federal agencies, national consortia and associations, establish regional goals for special teams, jurisdictions of different sizes and agencies representing all disciplines, specifying desired levels of equipment, training, exercise and other resources.</p>	<p>Objective 5.1.1: Identify equipment standards, priorities, shortages and funding needs for emergency responders.</p>	<p>Objective 1.2: Update staffing and organizational plans to address terrorist and CBRNE incidents for Urban Area entities and departments by December 31, 2004, or as resources become available</p> <p>Objective 1.3: In coordination with emergency response disciplines, compare/create plans and identify equipment needs for law enforcement to operate independently and/or in support of fire in a CBRNE environment</p> <p>Objective 1.9: Ensure appropriate equipment to enhance the security levels in the Urban Area that are consistent with the ODP Threat Assessment to deter terrorist activity by May 2005, or as resources become available.</p> <p>Objective 4.13a: Increase the CBRNE Personal Protective Equipment (PPE), detection and mitigation capability within the Urban Area by May 2005, or as resources become available</p> <p>Objective 4.15: Coordinate Urban Area equipment needs, priorities, and allocation processes using the ODP equipment needs assessment to acquire CBRNE related resources and equipment to enhance Urban Area capabilities during a terrorist or CBRNE incident, or as resources become available</p> <p>Objective 4.16: Enhance logistical support capability to field operations in the event of a terrorist attack by May 2005, or as resources become available.</p>

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
Objective II.B.2: Develop a matrix specifying the level of Incident Command System (ICS) training required for each of the disciplines listed in the National Response Plan.	Objective 5.1.2: Develop a multi-discipline training capability to provide statewide emergency responders training, certification, and credentialing – Homeland Security Institute (HSI). Objective 6.1.1: Define and further develop statewide Incident Management Team capabilities to support incident response for Washington State. (Revised 2005).	Objective 1.11: Facilitate training programs to assist in the overall Urban Area response and recovery planning for terrorist and CBRNE events by May 2005, or as resources become available.
Objective II.B.3: Conduct an analysis to identify gaps between current training standards and equipment and resource capabilities and regional goals.	Objective 5.1.1: Identify equipment standards, priorities, shortages and funding needs for emergency responders. Objective 6.1.1: Define and further develop statewide Incident Management Team capabilities to support incident response for Washington State. (Revised 2005).	Objective 1.3: In coordination with emergency response disciplines, compare/create plans and identify equipment needs for law enforcement to operate independently and/or in support of fire in a CBRNE environment.
Goal II.C: <i>Develop emergency plans and procedures needed to enhance regional planning, preparedness, mitigation, response and recovery capabilities.</i>	Goal 6.3: To improve statewide Homeland Security recovery planning, resourcing, training and exercises.	Goal 4: Improve and enhance the Urban Area's ability to respond to terrorism incident(s) with seamless coordination and interoperability between public agencies and private entities to minimize the impact of a terrorist and CBRNE event upon our community through collaboration and cooperation on planning strategies, policies, and funding.
Objective II.C.1: Provide support for the development of evacuation plans.	Objective 6.3.2: Develop or refine existing victim assistance plans for disasters to include potential terrorist events.	Objective 4.1: Develop, review and/or update UA readiness and response plans to address terrorist and CBRNE threats biennially Seattle: Will additionally provide adequate public safety coverage for unaffected areas
Objective II.C.2: Provide support for the development of recovery plans for public organizations.	Objective 6.3.2: Develop or refine existing victim assistance plans for disasters to include potential terrorist events. (6.3.3 in 2004 and revised)	Objective 5.2: Enhance the Urban Area community's ability to recover quickly from a terrorist or CBRNE incident by May 2005, or as resources become available

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
Objective II.C.3: Provide support for the development of recovery and resumption plans for critical infrastructure.	Objective 5.7.1: Utilize building mapping capability to map critical infrastructure to provide response information to statewide emergency responders.	Objective 5.5: Establish standard IT tools for the assessment of critical infrastructure and for CBRNE event management by May 2005, or as resources become available.
Goal II.D: <i>Provide appropriate equipment to enhance regional planning, preparedness, mitigation, response, and recovery capabilities.</i>	Goal 5.1: To equip, and train emergency responders to national preparedness priorities to include the national preparedness scenarios, target capabilities and universal task lists specific for their tier and implementing guidance for HSPD-8 in a coordinated and complimentary manner. Goal 6.2: To manage the logistics of emergency resources to maximize response and recovery capability.	Goal 3: Improve the Urban Area's ability to protect against terrorism by defending critical infrastructures and providing seamless coordination and interoperability in any-place any-time activation. Goal 4: Improve and enhance the Urban Area's ability to respond to terrorism incident(s) with seamless coordination and interoperability between public agencies and private entities to minimize the impact of a terrorist and CBRNE event upon our community through collaboration and cooperation on planning strategies, policies, and funding.
Objective II.D.1: Allocate response equipment based on funding resources, regional needs, and sustainability of regional capability and capacity.	Objective 6.2.1: Enhance the capability to coordinate, receive, store and distribute emergency response stockpiles, pre-positioned equipment and mutual assistance resources.	Objective 1.9: Ensure appropriate equipment to enhance the security levels in the Urban Area that are consistent with the ODP Threat Assessment to deter terrorist activity by May 2005, or as resources become available.
Objective II.D.2: Support regional sustainability and needs of the response community by developing and utilizing equipment caches	Objective 6.2.1: Enhance the capability to coordinate, receive, store and distribute emergency response stockpiles, pre-positioned equipment and mutual assistance resources.	Objective 3.7: Identify appropriate equipment, interoperable equipment systems, resources, and networks in the UA to protect critical infrastructure by January 2006, or as resources become available. Objective 4.15: Coordinate UA equipment needs, priorities, and allocation processes using the ODP equipment needs assessment to acquire CBRNE related resources and equipment to enhance UA capabilities during a terrorist or CBRNE incident, or as resources become available.

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
<p>Objective II.D.3: Ensure interoperability in equipment within Region 6.</p>	<p>Objective 2.1.1: Define statewide interoperability standards and inventory statewide systems within a total synchronized effort to create a statewide fully interoperable radio system.</p> <p>Objective 7.2.1 Focus acquisition strategies to achieve statewide interoperability and support NIMS implementation.</p>	<p>Objective 1.9: Ensure appropriate equipment to enhance the security levels in the Urban Area that are consistent with the ODP Threat Assessment to deter terrorist activity by May 2005, or as resources become available.</p>
<p>Goal II.E: <i>Meet minimum levels of training established by the Region, ensuring that emergency response personnel at all levels are involved in ongoing training.</i></p>	<p>Goal 5.1: To equip, and train emergency responders to national preparedness priorities to include the national preparedness scenarios, target capabilities and universal task lists specific for their tier and implementing guidance for HSPD-8 in a coordinated and complimentary manner.</p> <p>Goal 5.3: To focus exercises to strengthen statewide preparedness capabilities to be able to execute a full range of incident management operations.</p>	<p>Objective 1.11: Facilitate training programs to assist in the overall Urban Area response and recovery planning for terrorist and CBRNE events by May 2005, or as resources become available. Objective 4.8: Coordinate with hospitals, EMS, Public Health, public works, and mutual aid partners to ensure appropriate counterterrorism and CBRNE training and response levels by May 2005, or as resources become available.</p>

Objective IV.B.3: Add an Annex to the Critical Infrastructure Plan that addresses selected critical infrastructure interdependencies and cascading effects of infrastructure failure.	Objective 4.1.1: Identify statewide critical infrastructure, collect vulnerability assessment information, and develop an infrastructure protection program.	
Objective IV.B.4: Assist with the development of public/private partnerships to protect selected critical infrastructure using the Region 6 Critical Infrastructure Plan, infrastructure associations, the RHSS Critical Infrastructure Protection Work Group, and other mechanisms as appropriate.		
Objective IV.B.5: Assist selected infrastructure operators by sharing nationally-recognized best practice assessment tools, target hardening methodologies, communications systems, and infrastructure restoration techniques.		Objective 2.11: Enhance security resources around the Urban Area's critical infrastructure by hardening potential targets identified by the ODP threat assessment by May 2005, or as resources become available

REGION 6 HOMELAND SECURITY STRATEGIC PLAN	WASHINGTON STATEWIDE HOMELAND SECURITY STRATEGIC PLAN	URBAN AREA SECURITY INITIATIVE - SEATTLE URBAN AREA STRATEGY
<p>Objective IV.B.6: Provide support for the development of specific protection plans for high threat and/or high value components/sites, emphasizing a risk-based and systems approach. These specific protection plans should include hardening and mitigation considerations and examination of interdependencies between infrastructure components.</p>	<p>Objective 4.1.2: Develop threat detection capabilities and countermeasures to protect critical infrastructures.</p>	<p>Objective 3.6: Safeguard existing critical sites and systems by enhancing their physical characteristics to protect against terrorist and CBRNE attacks by May 2005, or as resources become available</p>
<p>Objective IV.B.7: Sponsor, promote, and develop selected workshops and exercises. Workshops should address joint response planning, protection measures, use of GIS, and infrastructure restoration; exercises could include tabletop, functional, and full-scale and will test response and restoration plans over the geographical Region 6 area.</p>		<p>Objective 3.10: Conduct counterterrorism and CBRNE exercises around identified critical infrastructure both physical and cyber by May 2005, or as resources become available</p> <p>Objective 4.21: Conduct at least one multi-jurisdictional, multidiscipline CBRNE or cyber-related exercise bi-annually with Urban Area partners to assess plans and training by December 2005, or as resources become available</p>
<p>Goal IV.C: <i>Emphasize the critical role of information technology (IT) to business and government operations.</i></p>	<p>Goal 2.4: To ensure statewide information sharing and communications systems are protected from threats.</p>
